Kenapa sih PMI sering stok kosong. Padahal masyarakat sudah sering donor dan setiap acara donor antri untuk dapat menyumbangkan darah. Animo masyarakat Indonesia khususnya masyarakat Jember sangat luar biasa untuk donor. Ini dapat terbukti instansi-instansi donor Kabupaten Jember sebagian besar telah bekerjasama dengan Unit Donor Darah PMI Kabupaten Jember. Namun ternyata hal tersebut seringkali tidak mencukupi kebutuhan pasien. Kebutuhan masyarakat Jember akan darah terus meningkat seiring peningkatan jumlah penduduk. Menurut WHO perencanaan kebutuhan darah itu 2 % dari Jumlah penduduk. Penduduk kabupaten Jember sebesar 2.332.726 (BPS Kabupaten Jember) 2 % dari jumlah tersebut sebesar 46.655 kebutuhan darah yang harus tersedia untuk penduduk Kabupaten Jember. Padahal Kabupaten Jember juga merupakan rujukan dari Kabupaten sekitar sehingga pemenuhannya juga semakin tinggi.

Bagaimana upaya PMI sebagai institusi yang diberi tugas melakukan pengelolaan darah. Berbagai upaya telah kita lakukan dengan mengajak seluruh lapisan masyarakat baik melalui sosialisasi maupun juga melalui media sosial kita yang aktif menginspirasi masyarakat agar memiliki gaya hidup sehat melalui donor darah. Pendonor sehat dan pasien yang membutuhkan darahpun dapat tertolong.

Selalu dan selalu tak lelah kita mengajak untuk melakukan donor darah. Hal ini juga sesuai dengan nawacita Presiden tentang visi misi tentang Rencana Pembangunan Jangka Menengah Nasional (RPJMN) Tahun 2015-2019 untuk meningkatkan upaya menjaga kesehatan masyarakat. Masyarakat yang berdonor adalah masyarakat yang sehat. Ayoo donor darah....{jcomments off}
